 **Diario Abbraccio**

special and unique

Abbraccio® welcomes your baby giving him/her the same warm feeling of **protection and support** of your own arms. Just as each embrace is unique and unrepeatable, so this simple but effective child seat is tailor-made in order to meet every specific needs the best way possible.

As your kid grows, Abbraccio® can be adjusted at any time by a qualified technician in order to promptly deal with any changes and any new postural and functional needs. Height, width, depth, envelopment and accessories can be adapted or changed simply and quickly without the need for new prescriptions. Headrest, armrests, side table, restraints and all other accessories are selected and hand crafted in accordance with the rehabilitation plan and the specific measurements of the child.

Abbraccio® is **lightweight and versatile**, it can in fact be used on inside or outside bases, but also on a chair at home or at the restaurant, on the couch or in the stroller that you already use, you can detach and reposition it where you want with simple gestures the restaurant, on a couch or on your stroller. It is very easy to detach and place wherever you want.

it grows with your child

it follows you everywhere you go, at school, on the couch, at the restaurant and even at the park

...so your child is always embraced and supported

IT CAN BE ADJUSTED IN HEIGHT

IT CAN BE TILTED

IT CAN BE LOWERED TO GROUND LEVEL

**INDOOR BASE**

If you want your child to be always close by, fully sustained and free to do daily activities around the at home, the best choice for you is an indoor base.

COMPACT DESIGN

IT CAN BE TILTED

**OUTDOOR BASE**

If it's sunny and your child is well, what could be better than a nice walk outdoors to recharge energy, and here is a light and handy base that you can take out safely.
